The #ErasmusDays 2022 will take place on the 13, 14 and 15th of October throughout Europe and also the world ! This international celebration is based on a very simple concept : over three specific days, promote European values, mobility benefits and Erasmus+ project results, in order to boost visibility for citizens, stakeholders, media and policy makers.

Last year, 5 670 events were organized in 67 countries during the #ErasmusDays.

In 2022, the #ErasmusDays are organised in line with the 35 years anniversary and the European Year of Youth, with the tagline "Sharing our European values with the youth of today and tomorrow : for 35 years now and many more to come".

Organisations are free to organise an online and/or physical action, big or small. It is necessary to register the event on www.erasmusdays.eu. This registration will make the event visible on the website and on social networks thanks to the hashtag #ErasmusDays.

We thank you in advance for your collaboration as our joint effort between all national agencies is key to making this 6th edition a success at a European and international level.
